

## **Telvent to manage traffic control in Barcelona**

Madrid, August 17, 2005 – Telvent (NASDAQ: TLVT), the Global RealTime IT Company, has signed a new contract with the Governing Board of Barcelona City Council and the Safety and Mobility Sector Area to manage the city's traffic flow.

The contract, worth over three million euros, will have a duration of two years, with an extension option for an additional two years, and will cover the maintenance, repair and integration of Barcelona's traffic lights and traffic control systems in the Besós area.

In awarding this contract, Barcelona City Council has demonstrated its confidence in Telvent, which since 1994 has executed several traffic control projects in the city.

Telvent (NASDAQ-TLVT), the Global RealTime IT Company, is specialized in high value-added solutions in four specific industrial sectors (Energy, Traffic, Transport and Environment) in Europe, North America, Latin America and China. ([www.telvent.com](http://www.telvent.com))
